PROFESSIONAL SUMMARY

Backend C# developer skilled in building and optimizing database-driven applications using SQL Server and SQLite. Experienced with C# services, MAUI Blazor, and integrating hardware authentication. Expanding expertise in cybersecurity fundamentals and secure software development.

TECHNICAL SKILLS

Languages: C#, Python, JavaScript, SQL

Frameworks: .NET, MAUI Blazor

Databases: SQL Server, SQLite

Web Tech: HTML, CSS, Front-End Development

Tools: Git, GitHub, Azure, Network Configuration, Troubleshooting

EXPERIENCE

Software Developer / Technician

Bloemfontein | July 2024 - Present

- Engineered POS modules in C# boosting transaction efficiency by 25% through optimized code.
- Developed truck security apps managing access control and monitoring at loading bays.
- Integrated Hikvision fingerprint scanners with C# services for secure authentication and attendance.
- Tuned SQL Server queries reducing database response times by 40% to support business-critical operations.
- Led system upgrade delivering 30% faster transaction processing and new feature rollout.

IT Support / Technician

Bloemfontein | Nov 2022 - Dec 2022

- Resolved 90% of over 50 hardware and software issues within 24 hours, minimizing downtime.
- Installed and configured 50+ systems ensuring network stability and performance.
- Upgraded network infrastructure achieving 99% uptime and improved reliability.

PROJECTS

Company Attendance Tracker

- Developed attendance system integrating fingerprint scanning for secure employee tracking.

Chartered Accountant Ticketing System

- Created ticketing app streamlining issue tracking and resolution workflows.

AI Object Detection

- Built embedded AI app for object recognition using C# and Python.

Virtualized Penetration Testing Lab

- Established lab environment to simulate attacks and test system defenses.

Freelance - Web Design

- Designed responsive websites enhancing client engagement and usability.

Basic Firewall Setup

- Configured firewall rules improving network security and access control.

CERTIFICATIONS

- Microsoft Certified: Azure Data Fundamentals
- Certiport Certified: IT Specialist - JavaScript
- Information Technology: Systems Development NQF 4 (SAQA ID 78965)
- CompTIA A+ Core 1
- Tim Corey: C# Mastercourse, C# Fundamentals, SQL Server, Build an Embedded AI App
- CTU Training Solutions: Python Developer, Web Developer, Database Administrator

EDUCATION

CTU Training Solutions

Mar 2024 - Dec 2024

- Python Developer, Web Developer, IT Technician / Network Administrator, Database Administrator

Tim Corey (IAmTimCorey) - C# and SQL Training

Nov 2025 - Aug 2026

- C# Mastercourse, C# Fundamentals, SQL Server, C# Frontend and Backend Development
